Art. 3

OVERVIEW OF THE ADMISSION PROCESS:

- (1) The master programs have a normal duration of 2 academic years (4 semesters) conducting to the accumulation of 120 ECTS. They can either be research or professional-oriented masters. Both allow the graduates to pursue their education at the doctoral level.
- (2) For the regular programs, there are places funded from the state budget (without tuition fees) and tax places. The study programs are organized by faculties. A candidate can apply for a single faculty, choosing among the programs available in the respective study area. The number of places per program is detailed in the Annex 1. The amount of the registration and tuition fees is stipulated in the ASE Methodology on university fees.
- (3) The admission process is open for Bachelor's graduates having a Bachelor's diploma or equivalent, regardless of the year of graduation, provided the level of studies and the diploma are recognized by the Ministry of Education.
- (4) The citizens of other European Union member states, of the European Economic Area, of the Swiss Confederation and UK are entitled to take part in the admission process under the same legal conditions as the Romanian citizens, including the same tuition fees. Their Bachelor's or equivalent diploma has to be recognized by the competent department of the Ministry of Education prior to the registration with the ASE (the process may take up to 30 days).
- (5) The admission process consists of the online registration, an interview/written exam. The admission of the applicants is strictly based on the admission average grade point – descending ranking of the applicants, correlated with the options expressed at the registration. The minimum average grade required to pass the

admission exam is 6,00.

- (6) For the admission to a study program taught in Romanian, the foreign citizens have to provide a language certificate delivered by institutions recognized by the Ministry of Education. In case they didn't study in Romanian or don't have such a certificate, they will pass an interview in Romanian.
- (7) For the admission to a study program taught in other languages (English, French, German) the language test is compulsory for all the candidates who don't have a recognised certificate/ didn't graduate a bachelor's programme taught in the respective language. An applicant can choose programs in Romanian and only one of the other languages of instruction (either English, French or German), except for the Faculty of Business Administration in foreign languages, where they can choose between two languages (either English, French or German).
- (8) The interview performance is assessed with a qualification „Pass” / „Fail”.
- (9) The written test consists of multiple choice questions (duration: 2 hours), with one correct answer. The test will be written in the language of instruction of the program. The preparation for it will be done using the list of topics and references in Annex 3 and 4.
- (10) The admission average grade point is determined as follows: 60% the Bachelor's graduation average grade and 40% the grade of the exam (written test/ specialized interview). A minimum of 6,00 / 10 is required in order to be admitted.
- (11) If there is more than one applicant with the same GPA as the last one admitted on a budgeted or tax place, there will be used additional criteria: grade from the written test, the bachelor average graduation grade and the average of the years of undergraduate studies.
- (12) The applicants who are students or graduates of higher education studies may enrol for a second Master's program, either on a budgeted place or a tax place, under the following conditions:
 - a) if the first program was financed from the state budget, the second will be on tuition fee,
 - b) if the first program was financed by tuition fees, the second may be on a budgeted place or a tax place.
- (13) The applicants who are students or graduates of master programs and received support from the state budget for a certain part of their studies have to state it upon registration. An admitted applicant may benefit of budget support only for one program, for the normal duration of the studies. The redistribution of the budgeted places is done after the 1st year of studies, based upon the academic results of the students, as stipulated in the ASE Regulation regarding the Master's studies.

Art. 4

REGISTRATION:

- (1) There is only one registration, with one faculty, for as many options as available for the respective study area.
- (2) Upon online registration, the applicant will express options (and rank of the options) for study programs and type of financing (budgeted or tax places).
- (3) After the end of the registration period no changes are admitted to the registration data: options, their order and other information.

Art. 5

RESULTS AND CONFIRMATION

- (1) The admission results are published as follows: applicants admitted on budgeted places, applicants admitted on tax places and waiting lists. The waiting list contains the names of the applicants who qualify for at least one of their options, but have a GPA inferior to the last admitted applicant. They may obtain an eligible place after the end of the confirmation period.
- (2) In case of insufficient applications for some of the programs, it is possible they would not open. The candidates are advised to put more than one option. In case some of the programs are cancelled, the applicants affected by the cancellation, may be offered the option of adding other options from the places still available in other programs.
- (3) The admitted applicants will confirm their place as follows:
 - a) the applicants admitted on a budgeted place will register the original baccalaureate diploma and the transcripts, the bachelor diploma and transcripts. This rule also applies for applicants admitted on a tax place or those on a waiting list if they registered options for budgeted places.
 - b) the applicants who want to be distributed on a tax place will pay 4000 lei (online, on the admission platform). This includes the applicants admitted on a tax place, the applicants admitted on a budgeted place or who are on a waiting list and have options to follow a study program on a tax place.
 - c) the applicants who register the original baccalaureate diploma, the bachelor diploma and transcripts and pay 4000 lei will be considered for both forms of financing (budgeted and tax places), according

- to their initial options.
- d) the applicants who don't register the original baccalaureate diploma, the bachelor diploma and transcripts nor pay 4000 lei will be rejected.
 - e) at the end of the confirmation period, the final admission ranking is published: applicants admitted on a budgeted place, applicants admitted on tax places and rejected applicants. One applicant may be declared admitted to a better ranking option from his/her initial option.
- (4) The applicants who were initially placed on a waiting list and paid 4000 lei but are not admitted, will recover the whole amount paid upon request.
 - (5) The applicants admitted on a budgeted place who have also paid 4000 lei will receive the whole amount back, upon written request.

Art. 6

ENROLLMENT IN THE 1ST YEAR OF STUDIES

- (1) The admitted applicants are matriculated to the 1st year of studies during the academic year 2026-2027 by a Rector's decision. The admitted applicants shall register the original study documents and sign an educational contract with the Bucharest University of Economic Studies in the first three weeks from the beginning of the academic year, and the stipulations of ASE Regulation regarding the Master's studies.
- (2) If the semester tuition fee exceeds 4,000 lei, candidates who have been declared Admitted must pay the difference prior to signing the university study contract, but no later than the end of the contract signing period (the first 3 weeks of the first semester).
- (3) The status of budgeted / tax paying student is updated after the 1st year of studies. The students will be ranked according to their academic performance (number of credits and average grade).
- (4) The organisation of the study groups doesn't consider the status of the student (budgeted or tax place).
- (5) The scholarships, aids and other facilities are available with respect to the law. ASE provides admitted applicants with accommodation in campus based on their academic performance.

Art. 7

ADMISSION AND TUITION FEES

- (1) The registration and tuition fees are decided each year by the Academic Senate of the university and might be subject to slight changes from one year to another.
- (2) All the fees (registration, tuition fee for confirming the place) will be paid online, on the **admitere.ase.ro platform**.
